

Round Jet Insert Nozzles Type 0952

Z 45-1 e

Round Jet Sapphire Nozzle with 59° cone

01.04.2008

- To be used with High Pressure Gun KSP 3000 and Dump Gun 3000

Düsendurchmesser
Nozzle Diameter

Technical data

- Operating pressure: max. 2500 bar
- Conical sealing - suitable for high pressure connections with 59° cone
- Sapphire inserts made of Al₂O₃
Housing made of rustproof and acid proof stainless steel (1.4112)
- Nozzle factor: 0.85
